THE HIDDEN STORY OF CANCER

Find out why Cancer has Physicians on the run & How a simple Plan based on New Science Can Prevent it
by **Brian Scot Peskin**

This is one of the most important books you could ever read if you want to understand and prevent cancer. Certainly, cancer prevention is the focus of nutritional and medical scientist Brian Peskin in this book co-written with clinical researcher Dr. Amid Habib, who believes Peskin's anticancer regimen also helps against obesity, diabetes and many other illnesses. Much of Peskin's thinking on anticancer strategies is based on the findings of Nobel Prizewinning German physician and biochemist Dr. Otto Warburg (1883-1970), who uncovered the primary cause of cancer and how cancer can be prevented. Decades of expensive research into secondary causes have failed, says Peskin. The primary cause of cancer is too little oxygen getting to the cells. Dr. Warburg discovered that just by decreasing a cell's oxygen content by about one-third, cancer is automatically induced. That is all that's required for cancerous cells to grow. This underlying cause is the same from one person to the next.

BETWEEN 2 WORLDS

by **Jose Jaramillo**

This documentary is a critique of the Gregorian Calendar while introducing to the more nature-friendly, human-developmental-focused Mayan calendar. "It is a film about the revealing purpose of the Gregorian calendar and the European notion concerning Manifest Destiny," Jaramillo said. "It is all about the unexamined assumptions and criteria upon the world has based the daily life of mankind. It is by far the greatest and most profoundly unquestioned instrument of control ever perpetrated upon the people of Earth." In his film, Jaramillo proposes this: In order for humans to live a better life and to prepare for the changes that, according to Mayan prophecy, will take place in 2012, humans need to change their state of mind to the Mayan calendar, which focuses "a new world" of harmony with nature and the universe.

FORBIDDEN SCIENCE

From Ancient Technologies to Free Energy

by **J. Douglas Kenyon**

Reveals the cutting edge of New Science and shows how established science disallows inquiry that challenges the status quo—even when it produces verifiable results. There is an organized war going on in science between materialistic theory and anything that could be termed spiritual or metaphysical. Following the model of his Forbidden History and Forbidden Religion, Kenyon has assembled from his bimonthly journal, Atlantis Rising, material that explores science and technology that has been suppressed by the orthodox scientific community—from the true function of the Great Pyramid and the megaliths at Nabta Playa to Immanuel Velikovsky's astronomical insights, free energy from space, cold fusion, and R. Sheldrake's research into telepathy and ESP.

OTTO RAHN AND THE QUEST FOR THE HOLY GRAIL

The Amazing Life Of The Real "Indiana Jones"

by Nigel Graddon

A Hessian language scholar and a Nazi guru who wielded immense influence within the Hitler regime, Rahn persuaded Hitler that the Grail was the Sacred Book of the Aryans. But who was he? In fact anyone who has watched the Indiana Jones films has seen Otto Rahn in action! The story lines of those movies mirror Rahn's incredible adventures in the South of France in the early 1930s. The story persists that Rahn found the runic Grail tablets in the Pyrenean grottoes and they were, like the Ark of the Covenant in Raiders, crated up and shipped to Berlin. Himmler (Toht in Raiders) was actually Rahn's superior. The Austrian mountain Schloss in Last Crusade equals the Nazis concealment of the excavated Languedoc treasures in the Schlegeiss Glacier.

SOULS OF DISTORTION AWAKENING

A convergence of science and spirituality

by Jan Wicherink

This book reunites science and spirituality after her roads separated 300 years ago. More and more scientists are discovering that both disciplines are only two sides of the same coin. We're on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world. This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya, Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time. This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united.

UNDERSTANDING MMS (DVD)

The MMS story is history in the making. And right now, it's in your hands. Get informed and help others be informed! It's been 10 years since Jim Humble originally discovered, that chlorine dioxide could safely and effectively be used to conquer the malaria parasite. Since that time, the proof was dramatically revealed; first with a few men in the rain forest of Guyana, then with over 75,000 men and women in Africa who gained a reprieve while at death's door. The protocol he dubbed "MMS" has indeed showed itself to be an effective life saver. The importance of Understanding MMS lies in the fact that the overwhelming evidence is showing it is working for a growing number of people with a wide variety of ailments. While it is not a "magic bullet," it is addressing a condition that contributes to susceptibility, on a physiological level, of a wide range of diseases. Understanding MMS will be a misinformation-free look at the protocol, so that you can determine whether it may be an effective tool for you.
